“ Thompson Greenspon is a great place to work and I have come to refer to my co-workers as my “second family”. I have been here for over 20 years and I don't think there is a partner nor employee that I couldn't turn to for assistance with a client or personal need. We approach our work as a team effort, all the way from the staff preparation to final administrative assembly – no one person can do their job well without the whole team effort to make our client's experience the best it can be. ”
